

SILVER TRAK DIGITAL EXPANDS INTO BRISBANE

BRISBANE, 30 MAY 2012 – Silver Trak Digital opens office in Brisbane. Silver Trak Digital has been servicing the broadcast, production, post production, corporate and advertising markets for more than 30 years in Sydney. The business is now expanding into Queensland through the establishment of a new branch in Brisbane.

Silver Trak Digital is a premium, authorised distributor of the full range of recording media, video and data products by Fujifilm and Verbatim. Silver Trak also offer Panasonic and Sony Media. The business has established itself as one of Australia's largest CD-R, DVD-R and Blu-Ray duplicators with two manufacturing plants in Sydney alone. Renown in the industry for their high quality work and fast turnaround times, their offering also includes disc replication, USB supply/upload, enhanced CD, DVD and Blu-Ray authoring as well as a range of other broadcast services.

Managing Director of Silver Trak, Christian Christiansen said; "The decision to open an office in Queensland is seen as a natural extension of our business and services. We have set up the business in a way that allows us to deliver great services at a very competitive price. Our range of services really is second to none and I am certain we will make an impact in Queensland".

From June 1, Silver Trak Digital Brisbane will be located at 6/31 Londor Close, Hemmant, Qld 4174, only 15 mins from Brisbane CBD. For further information please contact Christian Christiansen. Email :christian@silvertrak.com.au
Phone:(02) 94360848.
